

Return to the essence of dining.

With this catalog, we aim to return to the essence of dining. We do this by showing multiple inspiring, qualitative but most of all pure products throughout the different pages. This can be seen in 2 ways: Fine2Dine offers pure tableware products that can reinforce the presentation of any dish. On the other hand we have the use of ingredients in their purest form. The idea is to

inspire chefs from this point of view. We want to catch their attention and inspire their thoughts about the desired dish and the accompanying presentation. Without their creativity, an ingredient is nothing more than a suggestion. They have to use their inspiration to turn the ingredients into a successful recipe that separates a culinary experience from bland nourishment.

Reactive Glaze 

Bound by similarity,
distinguished by uniqueness.

Different pattern & difference
in color resulting in unique items.

A close-up photograph of a red lobster claw in the upper left corner, resting on a dark blue ceramic plate. The plate features a reactive glaze with a complex, layered pattern of blue and white lines and dots, creating a textured, organic appearance. The background is a dark, textured blue.

Most of our ranges are finished by hand, using a reactive glaze. Thanks to this glazing process no two pieces are alike. Random patterns and colour differences will form, resulting in truly unique pieces that still refer to the same family and all items of that family will perfectly match together.

You can compare the effect of reactive glazes with snowflakes. No matter how many billions of them fall from

the sky, there are never two alike. This is the case because every snowflake has its own unique pattern and there is an infinite number of possible shapes they can form.

The same counts for tableware finished with a reactive glaze. You'll never catch two exact copies, but within the same collection they'll all have something in common. In this catalog, all ranges that feature a reactive glaze are marked with the following symbol: 

Arco

A glimpse of lost times.

Arco reflects the vigor of ancient fossils as the subtle ribbed shape on this range embodies the timelessness of majestic ammonites. Arco combines a matte, reactive glazed finish along with a slightly raised irregular rim for a unique touch. Above

this, these reactive glazes and robust but elegant organic shapes bring an incomparable authenticity to your dinner table. Its desert flaxen color pattern is immensely versatile, making it your perfect companion for each setting.

Atlas

Elevates your dish

The world has been an incredible source of inspiration for the creation of this Atlas collection. It's durable porcelain tableware with clear references to natural elements such as blossoms, shell shapes, waves and other abstract structures that can be found in nature.

Each element is characterised by a well-shaped rounded rim that creates a refreshing culinary perception. Atlas literally elevates the food that is served on it.

The exceptional thing about Atlas is that no two items are precisely the same. The reactive glaze creates small imperfections that fit completely into the imperfect world it refers to.

Aurora

A hand drawn striped texture

Mysterious tones, a matte reactive glaze and a beautiful hand drawn striped texture. Aurora's serving the refined classic look. This porcelain dinner set is graceful and elegant, but with a texture that really pops. Finished by hand, no two pieces are alike, thanks to their glazing process.

Brass

Robust oriental design

Brass found its inspiration in the Middle East. The robust oriental design with metallic look and hammered texture is the perfect match for fresh, flavorful food. Every piece has subtle nuances in finishing and is therefore unique.

Made from durable high-quality porcelain, all Brass tableware adds an authentic touch to your dishes. Go for a stylish one-colour set-up or mix and match the copper and silver colours for a more playful presentation.

Brush

Boost your creativity

If you want to boost your creativity, this is the tableware you're looking for. Create your personal piece of art and finish off the brush stroke pattern with an undeniable dish that's ready to overwhelm the guests at the table.

These brushes are applied by handstrokes, making each piece unique with a different pattern for each item. The round robust but very clean shapes are made of porcelain, which ensures the strength and durability of the items.

Black Ceres

Strong robust tableware

If you're looking for strong robust tableware in a darker color palette, the black Ceres collection fits the bill. All products are made of durable high-quality porcelain and are matte finished with a reactive glaze technique.

On top of the beautiful soft-curved design, all tableware is perfectly user-friendly. The black matte design provides a great contrast for brightly colored foods. Challenge your inner chef and get creative!

Grey Ceres

Fine lines & simple forms

Fine lines and simple forms were combined to create the grey Ceres collection. This robust porcelain collection features a grey glossy reactive glaze with a dark brown rim.

Grey Ceres is an absolute must-have for every table focusing on sharing food. In order to stimulate creativity, we made the series as extensive as possible with plates, bowls, cups and dishes in different sizes, from low to tall, and from small to large. A beautifully served meal makes it taste even better!

White Ceres

Matte and glossy finishing

After the success of the black and grey Ceres, the white Ceres range was born. This set of new white tableware, made of durable high-quality porcelain, is characterized by a robust simplistic

design and different shapes. Each piece is unique, with a different subtle pattern of matte and glossy finishing thanks to the reactive glaze. The clean and natural design matches about any dish!

Crackle

Mass colored

The handmade glassware collection "Crackle" is mass colored, which guarantees the sustainability of its colors.

Thanks to this unique feature, the glassware will never lose its color even after frequent use. Every item differs from another due to the unique crackle effects which add a lovely, textured touch to any drink you serve.

Curvo

Strong round and bulky shapes

The diversity of the human body and the social movement about body positivity have been an incredible source of inspiration for the creation of the Curvo collection. Just like the movement, Fine2Dine aims to challenge the established

beauty standards. Instead of fine lines and elegant slim forms, Curvo features strong round and bulky shapes in combination with dark earthy colors. The sturdy porcelain tableware items will add a chunky flair to your table.

Midnight Dusk

A cosmic look

There's a cosmic look to this midnight Dusk dinnerware. Dark blue and black tones alternate in a subtly cratered surface, giving the collection a mysterious

feel. Crafted from strong and durable porcelain, the items are finished with a reactive glaze. The result? An attention grabbing finish that's unique to each piece.

Speckled Dusk

Adds playful diversity

The speckled Dusk range is an Asian inspired porcelain tableware collection. As the name suggests, this range stands out because of the unique speckled design which was delicately added to the rims of the items.

Thanks to the reactive glaze, no product is the same, what adds a playful diversity to the table. The collection lends itself perfectly for oriental inspired dishes, but nothing holds you back to try something different.

Royal

Dark color pattern

The beauty of the Royal series lies within its simplicity. Soft curves and round shapes accentuate the minimalist design. The sophisticated details are found in the dark color pattern. The subtle color differences make each

product slightly different and unique. This speckled porcelain tableware fits a daily meal, as well as a fancy dinner party. The dark color offers a great contrast for colorful vegetables and exotic fruits, making every dish look like a small piece of art.

Structo

Straightforward robust design

Strong structures and stackable shapes form a solid base for Structo. The straightforward robust design found its inspiration in the building and architecture industry.

All products are made from durable porcelain based on a gray clay formula, which results in beautiful soft shades of brown. Every item is mass colored and finished with a reactive glaze.
